Second Photographer: I highly recommend including a second photographer on your wedding day. Their work matches the work of Brita, and they use similar professional equipment. You really do not get a second photographer, but two highly trained lead photographers!

Engagement session with engagement video: A 1 to 1.5 hour session that will allow you to tell your story, open up, play, and capture you two as a couple. Engagement sessions include **ALL** edited images (40 - 60) and a 1-2 minute engagement video, delivered digitally & on USB.

Engagement session with a gift: A 1 hour engagement session, without the video! We can travel to your favourite local spot to capture your love for each other! Engagement sessions include all images printed on 5" x 7" premium lustre paper, **ALL** edited images (40 - 60), delivered digitally & on USB.

Wedding Album: A beautiful signature 10" x 10" custom printed, lay-flat wedding album that is only available through Blynn Photo. This includes 20 pages (10 spreads) and 30-60 images. Choose your album cover from linen, leatherette, or leather and with custom engraving.

Highlight Film

I want your film to be a reflection of you and your love story.

The Highlight Film is a timed video with bits of all the best pieces of your wedding day set to music in a refined edit. The video will have limited sound (such as vows, etc). This is not full length wedding videography coverage.

Your highlight film is professionally edited, colour graded and delivered in full HD through download and USB. You will also receive the trimmed raw footage from your day. :)

If Wedding Photo & Film Collections are combined, a 5% Discount will be applied to all services and Add Ons. And a second photographer will be included with the combined Collections.

** Can be documented and made into a film, if the event occurs during my time present at the wedding.*

When to Book

I encourage brides & grooms to get their wedding date secured as soon as the venue is booked. This is to ensure availability for your big day.

Popular months (June, July, & September) are the first to get reserved and can book up to a year in advance.

A Deposit of \$750 is required to book your date.

Common Questions?

How many photos should I expect to be in my wedding photo gallery?

On average you can expect 40 - 60 images per hour of coverage. So, for example, if I am documenting your wedding for 6 hours, you can expect anywhere from 240 - 360 images to be delivered. If you have a second photographer, that number can increase by up to 30 images per hour.

Can I have the raw image gallery?

No. I curate and hand edit all your images so that they represent you in the best light possible and show all the feelings and fun that was had on your day.

Do you use Photoshop?

Yes, but only to a certain degree. I will slightly smooth skin and lumps; only erasing zits, scabs, and distracting elements from the images. I do not unnaturally slim bodies or remove entire people. If you require photoshopping beyond what is standard, it is \$50/image as per request. Your day is your day and embracing "flaws" is what makes it memorable and unique!

How soon can I expect my wedding gallery?

It can change depending on which month your wedding took place, if you had a second photographer, and if you have additional film services. For a photo only Collection, it can take anywhere from 1 to 3 month(s) to deliver. If you wish your gallery to be bumped to the front of the editing line, there will be additional charges.

Will you travel further than 100km?

Yes, however travel kilometres will be charged at \$0.60/km. If additional accommodations are needed (hotel, flights, etc.), then we can discuss the coverage of those expenses.

Can we have you for longer than 8 hours?

Yes, upon your request, my overtime charge is \$400/hr past the 8 hour mark. My second photographer rate is \$100/hr past the 8 hour mark. All charged in 1 hour increments.

When do we need to pay our final balance?

Final balance is due 7 days before your wedding date. If there is an open balance after your wedding day, no images or film(s) will be edited or delivered until the remainder is paid in full (which will result in a longer delivery timeline).
